

Range

+130% Light

The brightest bulbs in the Magneti Marelli halogen range. Able to provide up to 130% more light on the road! Available in single and double boxes.

White 4200K

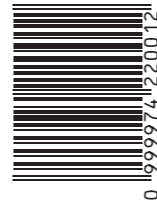

Halogen range that produces a stylish super-white light beam on the road. Available in single and double boxes.

Standard 24V

Bulbs for Heavy Commercial Vehicles. Available in all the main halogen and auxiliary formats.

Heavy Duty

24V bulbs with reinforced filament and welding. More resistant to shocks and vibrations, they are ideal for industrial vehicles subject to extreme stress.

The Bulb

Xenon

Bulbs with Xenon gas discharge technology. Available in all main formats.

Standard

A range of bulbs for cars, motorcycles and light commercial vehicles. Available in the main halogen and auxiliary formats.

Long Light

Long-life halogen bulbs. Thanks to their special technology they last up to twice as long as standard bulbs (depending on the conditions of use). Particularly recommended for halogen DRLs.

+50% Light

Providing up to 50% more light on the road, these halogen bulbs provide an ideal compromise between brightness and durability.
